Academic Licensee Corporate Licensee Individual Licensee

1 LICENSE

Subject to the term of this Agreement, The Open Group grants the Licensee named above a non-exclusive license to use the documentation suite known as IT4IT™ Standard, Version 3.0 and earlier versions ("the Documentation") in **perpetuity** and **free of charge**, subject to the following conditions:

- 1.1 **NON-COMMERCIAL USE:** The Licensee may use the Documentation for any purpose not involving the provision of IT4IT training, products, tools, or consultancy to any other party or any other commercial exploitation of the Documentation. In particular,
 - 1.1.1 A Corporate Licensee may use the Documentation to develop an IT4IT architecture, products or services for sole use within its organization.
 - 1.1.2 An Academic Licensee may use the Documentation for: (i) the development of IT4IT architecture for sole use within its organization, (ii) academic research, and (iii) academic teaching and/or curricula for regular undergraduate or post graduate students including academic tests, examinations, and certifications related to curricula, provided that they do not purport to be an IT4IT certification. In this context, regular academic tuition fees levied by the Academic Licensee do not constitute commercial use. However, for the avoidance of doubt, providing training to non-enrolled students (for example, to employees of third-party organizations) classifies as a commercial purpose.
 - 1.1.3 An Individual Licensee may use the Documentation for personal professional purposes that do not constitute commercial exploitation of the Documentation.
- 1.2 **DERIVATIVE WORK:** The Licensee may use the Documentation to develop derivative works (subject to the conditions listed below) to support the Licensee's work in the field of IT4IT architecture. For the purpose of this Agreement, "derivative work" shall mean any change to the Documentation or any new document that contains any portion of the Documentation. The following shall apply:

- 1.2.1 Licensee shall retain all right, title and interest in the changes or additions it makes to the Documentation, but nothing herein shall be deemed to transfer any right, title or interest in the Documentation to the Licensee.
- 1.2.2 In any derivative work, Licensee shall always fully acknowledge the right, title and interest of The Open Group in the original Documentation and shall not claim or imply that any derivative work of the Documentation is the official IT4IT Standard Documentation.

2 REDISTRIBUTION OF THE DOCUMENTATION

- 2.1 The Documentation may be redistributed by the Corporate Licensee to any permanent employee, consultant employee within its organization and by the Academic Licensee to staff and students in the pursuit of research activities and curricula, provided:
 - 2.1.1 All existing copyright and trademark notices are retained in all copies of the Documentation;
 - 2.1.2 In any derivative works, IT4IT™ Standard, Version 3.0 and relevant earlier versions is acknowledged as the source; and,
 - 2.1.3 All existing copyright and trademark notices and this License appear in all derived supporting documentation.
- 2.2 Redistribution of the Documentation, in part or in whole, is not permitted to anyone outside the Corporate Licensee organization, except that, the organization may reproduce parts of the Documentation in its external literature for the purpose of furthering its IT4IT related work (for example, in Requests for Product, or in other information communicated to potential service providers or product suppliers) provided that the literature does not in itself constitute a commercial product or a part of a commercial product, and all existing copyright and trademark notices appear in all such external uses of the Documentation.
- 2.3 Students and staff requiring a copy of the Documentation for use beyond the pursuit of the curricula and research activities covered by the Academic License must obtain their own Individual license from The Open Group.
- 2.4 Individual Licensees are not permitted to redistribute the Documentation, in whole or in part, except that parts of the Documentation may be reproduced for the purpose of furthering IT4IT related work, provided that the resulting external use of the Documentation does not in itself constitute a commercial product/service or a part of a commercial product/service, and all existing copyright and trademark notices appear in all such external uses of the Documentation.

3 PROTECTION OF THE OPEN GROUP INTELLECTUAL PROPERTY RIGHTS

If the Licensee wishes to contract with a provider for IT4IT training services or IT4IT tools, the Licensee must use all reasonable efforts to ensure that such providers have a current commercial license for IT4IT Standard, Version 3.0 (which they are legally required to have, in order to undertake such work). Notwithstanding the foregoing, in the event that there is a use by a non-licensed provider, then Licensee has no liability.

4 CERTIFICATION RESTRICTION

- 4.1 The Licensee may not issue any certification that could appear to be, or purports to be an IT4IT Certification (e.g. certificate of completion, certificate of attendance), unless by explicit agreement with The Open Group.
- 4.2 For the avoidance of doubt, this License grants no rights over the use of the IT4IT or The Open Group certification trademarks.
- 4.3 The Open Group operates an IT4IT certification program that enables IT4IT practitioners, and companies offering products or services (including training services and tools) associated with IT4IT, to make a legally binding warranty of conformance with Product Standards relating to IT4IT. The use of such certified

practitioners, products or services is not a condition of this license. However, if deemed appropriate, The Open Group strongly recommends that the employer or procurer require such certification. Details of this and other certification programs of The Open Group can be found at: <http://www.opengroup.org/certification/>. For the avoidance of doubt, this license grants no rights over use of The Open Group certification trademarks.

5 TRADEMARKS

IT4IT™ and the IT4IT™ logo design are trademarks of The Open Group. For the avoidance of doubt, this License grants **no rights** to the commercial exploitation of the IT4IT trademark. By way of example, commercial exploitation of the trademark includes, but is not limited to, using the trademark IT4IT in the naming of a product, service, or training course. Permission for such use may be obtained by separate agreement such as, for example, under The Open Group Certification or Accreditation Programs.

Care should be exercised in using the IT4IT trademark to describe a IT4IT product, service, or training course. Unlike rights derived from patents and copyrights, which provide protection for only a limited number of years, trademark rights can last forever. Trademark rights can also be lost forever. The exclusive right granted in a trademark is usually lost as a result of careless or improper use, usually by allowing the mark to be used as generic or descriptive words for products. The clauses in this section governing the use of the IT4IT and IT4IT logo trademarks are inserted to enable The Open Group to preserve these trademarks for the benefit of the community.

- 5.1 The IT4IT and IT4IT logo trademarks must never be superimposed on or used in association with other graphics or logos.
- 5.2 The IT4IT and IT4IT logo trademarks **may not be used** in conjunction with product or services names, training course names, domain names, business names, logos and similar usage without prior permission from The Open Group.
- 5.3 The first or most significant occurrence of the IT4IT and IT4IT logo trademarks must be marked using ™ symbol and must have the required attribution as a footnote. It is acceptable to use an asterisk in place of the registered trademark symbol where the medium used (for example, electronic mail) cannot reproduce the ™ symbol. However, this does not authorize use of the asterisk as the norm. The attribution may be translated to national languages.
- 5.4 Blanket or generic attributions, such as: "All trademarks are the property of their respective owners," are not acceptable. Correct attributions are, for example: "IT4IT and the IT4IT logo are trademarks of The Open Group in the United States and other countries."
- 5.5 The Open Group reserves the right to change its trademarks at any time at its discretion.

6 INCLUSION IN LISTING OF LICENSEES

The Open Group reserves the right to include the Licensee organization's name in a published list of organizations that have taken out this License. If you do not wish to be included in such a list please, please place an X mark here ____.

7 DISCLAIMER OF WARRANTY

This Documentation is provided on an "AS IS" basis, without warranty of any kind.

THE OPEN GROUP DISCLAIMS ALL WARRANTIES WITH REGARD TO THIS DOCUMENTATION, INCLUDING ALL IMPLIED WARRANTIES OF SUITABILITY AND FITNESS FOR ANY PARTICULAR PURPOSE. IN NO EVENT SHALL THE OPEN GROUP BE LIABLE FOR ANY SPECIAL, INDIRECT, OR CONSEQUENTIAL DAMAGES OR ANY DAMAGES WHATSOEVER RESULTING FROM LOSS OF USE, DATA OR PROFITS, WHETHER IN AN ACTION OF CONTRACT, NEGLIGENCE OR OTHER TORTIOUS ACTION, ARISING OUT OF OR IN CONNECTION WITH THE USE OR PERFORMANCE OF THIS DOCUMENTATION.

8 GENERAL

- 8.1 The Open Group may terminate this license if Licensee fails to comply with the terms of this Agreement. If The Open Group does so, Licensee must immediately destroy its copies of the Documentation and discontinue all use.
- 8.2 Neither Licensee nor The Open Group is responsible for failure to fulfill any obligations due to causes beyond its control.
- 8.3 This License Agreement shall be governed by the laws of England and Wales and all disputes relating to this License Agreement shall be submitted to the exclusive jurisdiction of the English courts.
- 8.4 This License Agreement takes effect on the last day signed below.
